The question of Palestine and the Arab-Israeli conflict

**Follow-up on the political developments in the  
Palestinian cause, the Arab-Israeli conflict, and  
effecting the Arab Peace Initiative**

**The Council of the League of Arab States at the Ministerial Level,**

- *Having considered,*

- The note of the Secretariat,
- The report of the Secretary-General on the intersessional activities of the Secretariat,

- *Taking note* of the convening of the inaugural ministerial meeting of the follow-up body for the implementation of resolutions and commitments at the Ministerial Level, held on September 10, 2024, and the ensuing recommendations aimed at ensuring the effective follow-up of the resolutions adopted at the Bahrain Summit (2024),

- *Reaffirming* all prior resolutions and declarations issued with regard to The question of Palestine and the Arab-Israeli conflict, at the Summit Level—most recently those issued by the Bahrain Summit, Ordinary Session (33) of 2024—and at the Level of Foreign Ministers—most recently the resolutions of its 162nd Session held in September 2025—as well as the resolutions adopted by the Council at the level of Permanent Representatives,

1. *Reasserts* the centrality of the Palestinian cause to the collective conscience of the Arab nation, the Arab identity of occupied Jerusalem—the capital of the State of Palestine—and the inalienable right of the State of Palestine to full sovereignty over all its territories occupied in 1967, including East Jerusalem, along with its airspace, territorial waters, natural resources, and borders with neighboring states;
2. *Calls upon* the international community—both states and international organizations—to intensify coordinated efforts to obligate Israel, the occupying Power, to bring an immediate end to its illegal occupation of Palestinian land delineated by the June 4, 1967 borders, eliminate the consequences of this occupation in their entirety, provide just and prompt reparations for the damages incurred, fully implement all provisions of the Advisory Opinion issued by the International Court of Justice on July 19, 2024, and uphold United Nations

General Assembly Resolution A/RES/ES-10/24 of September 18, 2024, which endorsed the outcomes of that Advisory Opinion;

3. *Condemns* the persistent crimes of aggression and genocide perpetrated by Israel, the illegal occupying Power, against the Palestinian people for over 565 consecutive days, including the targeting of more than 175,000 Palestinian civilians—among them martyrs, wounded, and missing—the deliberate imposition of starvation and a lethal blockade cutting off all means of survival in the Gaza Strip, and the systematic destruction of residential areas, hospitals, schools, universities, mosques, churches, vital infrastructure, and institutions providing health care, humanitarian relief, and civil defense, all of which constitute grave violations of international law, particularly international humanitarian law, and are accompanied by sustained incitement, racism, and hate speech by the Israeli occupation authorities—evidence that substantiates the existence of premeditated intent to commit genocide against the Palestinian people;

4. *Strongly condemns* Israel, the illegal occupying Power, for its persistent defiance of binding Security Council resolutions—specifically Resolutions 2735 (2024), 2728 (2024), 2712 (2023), and 2720 (2023)—which call for an immediate ceasefire in the Gaza Strip and the unconditional and unhindered provision of humanitarian assistance throughout the territory, as well as its blatant disregard for the provisional measures ordered by the International Court of Justice aimed at preventing the crime of genocide;

5. *Calls upon* the Security Council to act decisively by adopting a resolution under Chapter VII of the United Nations Charter to ensure Israel’s compliance, as the occupying Power, with the Council’s relevant resolutions demanding an immediate ceasefire and the cessation of genocide against the Palestinian people, the facilitation of humanitarian aid delivery to the Gaza Strip, the implementation of both the binding orders and the Advisory Opinion issued by the International Court of Justice, and the prevention of the displacement of Palestinians from their lands;

6. *Vehemently condemns* the systematic and widespread violations perpetrated by Israel against the Palestinian people, including the deliberate destruction of Palestinian refugee camps and their infrastructure; the daily incursions into Palestinian cities, villages, and camps; the terrorization of civilians by armed settlers under the protection of occupation forces; the targeted killings and injuring of hundreds of Palestinian citizens, the demolition, incineration, and destruction of homes, agricultural lands, and private property, the arbitrary

detention and torture of thousands of Palestinians under inhumane and degrading conditions, the erection of hundreds of additional military checkpoints that fragment Palestinian territorial continuity, and the expansion of the apartheid wall which further dismantles the geographic contiguousness of the occupied Palestinian territories;

7. *Strongly condemns* the brutal Israeli aggression aimed at the total obliteration of Rafah Governorate, including the besiege of families within the city and the forcible displacement of dozens of households—many of whom were driven to flee on foot amidst relentless bombardments of rockets and artillery shells—alongside the field execution of paramedics, civil defense workers, and humanitarian rescue teams, the continued military occupation and control by Israeli forces over the Rafah land crossing and the Philadelphi Corridor, as well as Israel’s attempts to impose a new corridor—the Morag Corridor—within the Palestinian city of Rafah, which aims to facilitate the displacement of the Palestinian population in flagrant violation of the principles and norms of international law;

8. *Unequivocally rejects* any and all forms of displacement, deportation, resettlement, or measures that may lead to demographic alteration in the Gaza Strip, regardless of the terminology, justification, or pretext employed, as such acts constitute crimes of genocide and egregious breaches of international law; *condemns* the policies of enforced starvation and scorched-earth tactics designed to coerce the Palestinian people into abandoning their homeland; *and reaffirms* the imperative of obliging Israel, the occupying Power, to comply with relevant resolutions of international legitimacy that reject any attempts to alter the demographic identity of the occupied Palestinian territory;

9. *Condemns* the establishment by Israel, the occupying Power, of a military administration with the objective of facilitating the displacement of Palestinians from the Gaza Strip under the deceptive guise of so-called “voluntary migration,” which lays bare a premeditated strategy to depopulate the Strip and effect demographic engineering in preparation for the systematic liquidation of the Palestinian cause;

10. *Affirms* that the implementation by the Israeli occupation government of any plans to annex any portion of the Palestinian territory occupied in 1967 constitutes a further grave war crime under international law; *and calls upon* the international community to exert meaningful pressure and adopt concrete punitive measures to oblige Israel, the occupying Power, to immediately cease its unlawful colonial annexation and settlement expansion

practices, which fundamentally erode the prospects for peace and the realization of the two-state solution;

11. *Urges* the International Court of Justice to expedite its deliberations on the case brought by the Republic of South Africa and its co-claimant states against Israel, accusing it of failing to uphold obligations under the 1948 Convention on the Prevention and Punishment of the Crime of Genocide; *emphasizes* the critical importance of the Court's recognition that the Palestinian people fall under the protective scope of said Convention, and of obliging Israel, the occupying Power, to fully comply with the provisional measures ordered by the Court on January 26, March 28, and May 24, 2024, which require the immediate cessation of acts causing death, as well as physical and psychological harm to Palestinian civilians, the prevention of births under genocidal conditions, and the unimpeded flow of humanitarian and medical assistance across the entire Gaza Strip; *expresses appreciation* to the States that have joined the case; *and urges* all peace-loving nations committed to international law and the pursuit of justice to join the case;

12. *Demands* that all States fulfill their obligations to cooperate with the International Criminal Court in enforcing the arrest warrants it has issued against Israeli officials accused of grave crimes against the Palestinian people, which fall within the jurisdiction of the Court;

13. *Calls upon* the International Criminal Court to accelerate its criminal investigations into war crimes and crimes against humanity perpetrated by Israel against the defenseless Palestinian people, including acts of settlement and annexation, genocide, and aggression in the Gaza Strip, the deliberate targeting and killing of civilians, journalists, and paramedics, and the forced displacement of Palestinians; *expresses appreciation* for the efforts of States, organizations, and individuals who have submitted referrals and legal complaints to the Court; *and urges* all States committed to justice, accountability, and the prevention of impunity to submit further referrals regarding the situation in Palestine;

14. *Denounces* Hungary's failure to implement the resolutions of the International Criminal Court and its withdrawal from it, a deeply concerning retreat from its legal obligations under the Rome Statute, which undermines the international community's collective efforts to achieve justice and accountability, and constitutes a dangerous political shield that enables impunity for perpetrators;

**Unofficial Translation**

15. *Urges* human rights organizations, bar associations, civil society institutions, and Arab and Islamic communities in States of universal jurisdiction to initiate legal proceedings against war criminals and members of the occupying army who took part in crimes against the Palestinian people;

16. *Affirms* the imperative of implementing the Resolutions adopted by Arab summits aimed at breaking the Israeli blockade imposed on the Gaza Strip, and the facilitation of the entry of adequate humanitarian and relief assistance to all areas of the Strip by land, sea, and air;

17. *Calls upon* the United States of America to reassess its biased positions in favor of Israel, and to engage constructively, credibly, and in good faith with the concerned parties to advance the implementation of the two-state solution based on the June 4, 1967 borders, thereby enabling the Palestinian people to exercise their legitimate right to self-determination within an independent, sovereign, viable, and geographically contiguous State of Palestine; *urges* the United States to exert pressure on Israel, the occupying Power, to end its illegal occupation and halt all unilateral actions that obstruct the realization of the two-state solution; *and calls upon* the United States to reverse its unlawful recognition of Jerusalem as Israel's capital and the subsequent relocation of its embassy to the occupied city, to reopen its Consulate General in occupied East Jerusalem, to rescind the unjust designation of the Palestine Liberation Organization (PLO)—the sole legitimate representative of the Palestinian people—as a terrorist entity, and to restore the functioning of the PLO's diplomatic mission in Washington;

18. *Adopts and supports* the legitimate right of the State of Palestine to obtain full membership in the United Nations; *calls upon* the Security Council to endorse this membership request in accordance with United Nations General Assembly Resolution A/ES-10/L.30 adopted on May 9, 2024; *urges* all States that have not yet recognized the State of Palestine to do so without delay; *calls for* the initiation of a constructive and sustained dialogue between the League of Arab States and those States, with the aim of securing comprehensive recognition of Palestinian statehood; *and supports* the State of Palestine's inherent right to accede to international organizations and conventions, in accordance with the principle of sovereign equality among nations within the international community;

19. *Calls upon* the Arab Ministerial Committee in Support of the State of Palestine, chaired by the Kingdom of Bahrain in its capacity as the Presidency of the 33rd Ordinary Session of the Arab Summit, to intensify its diplomatic efforts at the international level in support of the

State of Palestine's pursuit of broader recognition, full United Nations membership, the convening of an international peace conference, and the establishment of international protection mechanisms for the Palestinian people; *calls upon* the Joint Arab-Islamic Ministerial Committee to coordinate its efforts and undertake necessary outreach and diplomatic missions to world capitals to advocate for the comprehensive Arab plan for the reconstruction of the Gaza Strip and to affirm the steadfast Arab and Islamic position upholding the Palestinian people's right to remain on their land and exercise their inalienable right to self-determination;

20. *Calls upon* all States to extend comprehensive political, financial, and legal support for the Arab-Islamic plan endorsed by the Arab Summit on March 4, 2025 and adopted by the Foreign Ministers of the Organization of Islamic Cooperation in Jeddah on March 7, 2025, concerning recovery and reconstruction in the Gaza Strip; *emphasizes* that this plan forms an integral part of a broader political process aimed at realizing the independence of the State of Palestine, preserving the demographic presence of the Palestinian people on their national territory, countering all attempts to displace them, and enabling them to fully exercise their legitimate rights; *and calls upon* states and international and regional financial institutions to promptly and effectively mobilize the necessary financial resources for the implementation of the reconstruction plan;

21. *Welcomes* the convention of an international conference in Cairo at the earliest possible opportunity, dedicated to the recovery and reconstruction of the Gaza Strip, in full cooperation and coordination with the State of Palestine and the United Nations; *urges* the international community, including States, organizations, and financial institutions, to participate in the conference, with a view to expediting the rehabilitation of the Gaza Strip following the extensive destruction caused by the Israeli aggression; *and calls for* the establishment of a dedicated trust fund to receive financial pledges from donor countries and institutions, in order to ensure the effective implementation of comprehensive recovery and reconstruction projects;

22. *Expresses support* for efforts to convene a high-level international conference aimed at achieving the two-state solution and realizing the independence of the State of Palestine, in accordance with international legitimacy and established references, under the joint chairmanship of the Kingdom of Saudi Arabia and the French Republic, scheduled for June at the headquarters of the United Nations;

23. *Asserts the importance* of including extremist Israeli organizations and groups involved in incursions into the blessed Al-Aqsa Mosque and those associated with colonial settlement activities, on Arab national terrorism lists, as documented in the report of the Permanent Representatives Committee of January 30, 2024, and the adoption of the list of shame contained in the aforementioned report, which identifies Israeli figures who have disseminated genocidal rhetoric and incitement against the Palestinian people, as a preparatory step toward initiating legal proceedings and holding them accountable in national and international courts;

24. *Reaffirms* the commitment to a just, lasting, and comprehensive peace as a strategic choice to end the Israeli occupation and resolve the Arab-Israeli conflict in accordance with international law and relevant United Nations resolutions, including Security Council resolutions 242 (1967), 338 (1973), 497 (1981), 1515 (2003), and 2334 (2016), as well as the principle of land for peace and the Arab Peace Initiative of 2002; *stresses* that security and peace in the region cannot be achieved without a complete end to the Israeli colonial occupation of all Palestinian and Arab territories occupied since 1967, including East Jerusalem and the occupied Syrian Golan; *and calls upon* the international community to adopt firm and irreversible measures to realize the independence of the State of Palestine and advance a political solution based on international law and relevant international resolutions;

25. *Asserts commitment* to the Arab Peace Initiative, in its entirety and with all its priorities, as the embodiment of the unified Arab consensus and the foundational framework for any serious effort to revive the peace process in the Middle East, which establishes that peace with Israel and the normalization of relations are contingent upon a complete end to its occupation of all Palestinian and Arab territories occupied since 1967, including the occupied Syrian Golan Heights, the Shebaa Farms, the Kfar Shuba Hills, and the outskirts of the Lebanese occupied town of Al-Mari, and the realization of an independent, fully sovereign State of Palestine along the June 4, 1967 borders, with East Jerusalem as its capital, and restoring the inalienable rights of the Palestinian people, including the right to self-determination, the right of return, and compensation for Palestinian refugees and resolving their cause in a just manner, as stipulated in United Nations General Assembly Resolution 194 (1948);

26. *Affirms* that any peace plan which deviates from the established international terms of reference for the Middle East peace process, including international law, United Nations

resolutions, and the principles of justice and legitimacy, is unacceptable and destined to fail; *and rejects* all forms of political, economic, or financial pressure imposed on the Palestinian people and their leadership with the aim of coercing them into accepting unjust or partial solutions to the Palestinian cause;

27. *Supports* the peace plan advanced by His Excellency President Mahmoud Abbas, President of the State of Palestine, in his addresses before the United Nations Security Council and General Assembly, including his statement before the 79th session of the General Assembly; *and backs* cooperation with the International Quartet and other influential international actors to establish a credible, multilateral mechanism with a defined mandate and timeframe to end the Israeli occupation and advance a political process based on international law, the relevant United Nations resolutions, the principle of land for peace, and the two-state solution, and convening an international peace conference to realize these objectives and to secure the independence and full sovereignty of the State of Palestine based on the June 4, 1967 borders, with East Jerusalem as its capital;

28. *Condemns* the export, provision, or transfer of weapons, ammunition, and military-use products to Israel, the occupying Power, which utilizes these means to sustain its illegal occupation and perpetrate acts of aggression, genocide, and ethnic cleansing against the Palestinian people; *calls upon* all States that continue to supply Israel with weapons and ammunition—used in the killing of civilians and the systematic destruction of homes, hospitals, educational institutions, places of worship, infrastructure, and the basic foundations of Palestinian life—to immediately cease such actions to avoid being complicit in these crimes; *and urges* States whose nationals are enlisted in the Israeli occupation army or contribute to its crimes to take the necessary legal measures to hold them accountable and prevent their involvement in these unlawful acts;

29. *Condemns* the targeting of personnel, facilities, and assets of international organizations operating in the fields of humanitarian relief and emergency response, particularly the targeting of the buildings and operations of the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA); *and holds Israel fully responsible* for these crimes, which reflect the occupation forces' discourse in dealing with UN personnel and workers in international relief, humanitarian, and medical fields;

30. *Commends* the efforts of the People's Democratic Republic of Algeria, the current Arab non-permanent member of the United Nations Security Council, for its role in following up

32. *Condemns* the Israeli occupying Power for its violations of the ceasefire agreement brokered through the efforts of the Arab Republic of Egypt, the State of Qatar, and the United States of America; *affirms support* for the full implementation of all phases of the ceasefire agreement, including the second and third phases, with the aim of achieving a permanent cessation of aggression against the Gaza Strip and effecting a complete and unconditional Israeli withdrawal, and of ensuring safe, adequate, and unhindered access to humanitarian, shelter, and medical aid, as well as the effective and equitable distribution of such aid across the entire Strip, and facilitates the return of the displaced population of the Strip to their areas and homes; *and endorses* the joint Egyptian-Qatari efforts to reach a lasting ceasefire and restore normal life in the Gaza Strip;

33. *Welcomes* the recent resolutions adopted by the United Nations Human Rights Council affirming the inalienable right of the Palestinian people to self-determination and calling for accountability, the end of impunity, and the condemnation of the Israeli colonial settlement system, as well as the Council's decision to extend the mandate of the United Nations Special Rapporteur on the situation of human rights in the occupied Palestinian territory, Ms. Francesca Albanese; *and expresses appreciation* for her positions and reports, which align with international law;

**Unofficial Translation**

35. *Strongly condemns* the continued construction and expansion of Israeli colonial settlements and the policies and practices that sustain them; *calls upon* the United Nations Security Council to fully assume its responsibilities by ensuring the implementation of Resolution 2334 (2016) and by moving beyond merely receiving periodic reports on violations; *emphasizes the necessity* of holding accountable those who breach this resolution and taking concrete action to halt settlement construction, expansion of the annexation wall, the forced displacement of Palestinian communities, and the demolition of their homes and properties; *reiterates* that the boycott of the Israeli occupation and its colonial regime constitutes a legitimate and effective means of resisting occupation and promoting a just peace; *urges* all States, institutions, corporations, and individuals to end all forms of cooperation with the illegal colonial settlement system, including by denying entry to settlers engaged in violations of international law; *and rejects* all attempts to criminalize this form of peaceful resistance under the pretext of combating anti-Semitism;

36. *Reiterates the condemnation* of the apartheid regime imposed and systematically practiced by Israel, the occupying Power, against the Palestinian people through a series of discriminatory policies, legislation, and practices designed to persecute, subjugate, dominate, and fragment the Palestinian people, including severe restrictions on freedom of movement, forced family separations, mass displacement, unlawful killings, administrative detention, torture, the denial of basic rights and freedoms, the suppression of political participation, economic suffocation, and the expropriation of land and property which amount to crimes against humanity and represent a grave breach of international law, including the International Convention on the Elimination of All Forms of Racial Discrimination, the International Convention on the Suppression and Punishment of the Crime of Apartheid, and the Rome Statute of the International Criminal Court; *asserts* the significance of reports and resolutions issued by national and international human rights institutions, parliaments, and churches, which have legally substantiated and exposed the apartheid nature of Israel's policies; *and calls upon* the international community to confront this apartheid system practiced against the Palestinian people;

responsibilities in the Gaza Strip within the framework of the political and geographical unity of all Palestinian territories occupied in 1967; *stresses* that the democratic process and the ballot box represent the sole means of reflecting the will of the Palestinian people, through general presidential and legislative elections to be held within a year across all Palestinian territories, including the West Bank, Gaza, and East Jerusalem; *calls for the creation* of the necessary conditions for conducting these elections; *and expresses appreciation* for the efforts of the Arab Republic of Egypt and the People's Democratic Republic of Algeria in advancing Palestinian national reconciliation;

39. *Reaffirms* the rejection of recognizing Israel as a Jewish state; *condemns* the systemic racist Israeli policy of promulgating discriminatory legislation aimed at erasing the historical and national rights of the Palestinian people, particularly their right to self-determination and the right of Palestinian refugees to return to their homes; *pays tribute to* the steadfastness and resilience of the Palestinians of 1948;

- The Republic of Tunisia supports the Resolutions on The question of Palestine and the Arab-Israeli conflict with the exception of references to the “borders of June 4, 1967,” “the two-state solution,” and “East Jerusalem”, based on Tunisia's firm and supportive position for the Palestinian people in their struggle to regain their legitimate and inalienable rights, most notably the establishment of their independent and sovereign state over the entire territory of Palestine, with Holy Jerusalem as its capital.

- The Republic of Iraq supports the Resolutions on The question of Palestine and the Arab-Israeli conflict, expressing reservation about the phrases “borders of June 4, 1967,” “the two-state solution,” “East Jerusalem” and anything that explicitly or implicitly refers to the Israeli entity as a “state” wherever mentioned in Item II on “The question of Palestine and the Arab-Israeli conflict”, within the framework of preserving the Palestinian people's right of return and the right to establish their state, with Holy Jerusalem as its capital, and because it is not consistent with the Iraqi laws in force.

7. *Affirms* the Arab position of full solidarity with the Syrian Arab Republic and the Lebanese Republic in facing the persistent Israeli attacks and threats; *and considers* any aggression against them as an aggression against the Arab nation;

8. *Calls on* the administration of President Donald Trump to rescind its decision of 25 March 2019 recognizing Israeli sovereignty over the occupied Syrian Arab Golan, deeming it null and void in both form and substance, a flagrant violation of the Charter of the United Nations—which prohibits the acquisition of territory by force—and of the unanimously adopted Security Council Resolutions 242 (1967), 338 (1974), and 497 (1981), which explicitly do not recognize Israel's annexation of the occupied Syrian Arab Golan, as such measures violate international law and undermine efforts to achieve regional peace to which aspire the region's States and peoples;

9. *Condemns the ongoing* Israeli violations and its persistent attempts to impose a *fait accompli* in the occupied Syrian Arab Golan Heights, particularly through the confiscation of thousands of dunums of agricultural land for the establishment of the harmful wind energy settlement project near Arab villages in the Golan, which poses serious environmental and health risks, destroys vast agricultural areas, and restricts the natural growth and urban expansion of these communities; *further condemns* the repeated Israeli attacks against the people of the Golan and its suppression of peaceful demonstrations opposing this project;

1. *Welcomes* the election of General Joseph Aoun as President of the Lebanese Republic and the formation of a new Lebanese government headed by Dr. Nawaf Salam as two pivotal steps to ensure the regular operation of Lebanon's constitutional institutions and support its path to recovery from compounded crises; *and reaffirms* Arab support for Lebanon's constitutional institutions in the exercise of their prerogatives in a manner that reinforces national unity, safeguards Lebanon's security, stability, and its sovereignty over its entire territory, and bolsters its capacity to confront the pressing security, economic, and social challenges of this critical juncture;

3. *Vehemently condemns* Israel's continued aggression against Lebanon, which began in October 2023, in blatant violation of its obligations under the Cessation of Hostilities Declaration effective as of November 27, 2024, and marked by persistent violations of Lebanon's sovereignty and the inviolability of its territories, the occupation of Lebanese territories, the indiscriminate bombardment of cities, villages, civilian infrastructure and facilities, and the systematic destruction and targeting of civilians—including returnees, Lebanese Army personnel and installations, hospitals, health centers, paramedics, and journalists—which have resulted in the martyrdom of over 4,000 people, the injury of approximately 17,000, and the displacement of about 1.5 million Lebanese; *and condemns* the abduction of Lebanese citizens and soldiers, the targeting of UNIFIL and its headquarters, attacks on archeological and religious sites, and the incineration of vast agricultural and forested areas using internationally prohibited weapons, all of which

4. *Affirms* support for Lebanon's position in the full and comprehensive implementation of Security Council Resolution 1701 without bias or selectivity; *endorses* the Lebanese State's political and diplomatic efforts to urge the international community to pressure Israel—which persists in its policy of threats and pretexts—to cease its ongoing aggressions and violations of the cessation of hostilities arrangements; *demand*s Israel's immediate, full, and unconditional withdrawal from all Lebanese territories it occupies in accordance with international law and relevant UN resolutions, chiefly Resolutions 425 and 1701; *calls for* the release and handover of Lebanese prisoners; *and reaffirms* Lebanon's inherent right to self-defense under the Charter of the United Nations and its commitment to the Armistice Agreement of March 23, 1949, under UN auspices;
5. *Reiterates rejection* of any Israeli attempt to impose a new *fait accompli* through its continued presence at Lebanese border points occupied since the 2024 aggression or through unilateral modifications to the 2000 Blue Line by removing its established markers in clear violation of Security Council Resolution 1701; *and affirms* Lebanon's right to its reserved points, which are the 13 points where the Blue Line deviates from the international border demarcated by the 1923 Franco-British agreement and confirmed by the 1949 Armistice Agreement;
